The Associate Reformed Church. The general synod of the Associate Reformed Church in the South is to meet in the Rev. E. E. Boyce's church in Pisgah, Gaston County, North Carolina, on Thursday, the 12th

The second Presbytery of the Associate Re formed Church, comprising most of the congregations of that denomination in this State. will convene at Cannon Creek, Newberry County, on Friday, the 6th proximo. Cokesbury District Conference.

The Quarterly District Conference of the Methodist Episcopal Church, South closed its session in Abbeville on Sunday last. During the meeting instructive sermons were preached by the Revs. Mood, Cauthen, Murray, Martin, Oliver and others, and impressive discourses on temperance and to the Sunday-Schools, delivered by Professor Carilsle; of Wofford. On Sunday the pulpits of both the Presbyterian and Methodist Churches were filled by members of the Conference. On Sunday night the communion was administered in the Methodist Church.

The Camp-Meeting in Sumter. The Methodists have had a camp-meeting at Providence, Sumter County, which was commenced on Wednesday, the 31st ult., and continued for over a week. It was largely attended, and was addressed by the Rev. Messrs. Hill, Carlisle, Stokes, McKinney, Fleming and others. The location is said to be particularly well adapted either for camp-meeting pur poses or for a summer resort. The air is pure and bracing, the water splendid, and the nights delightful. From the success of this meeting, it is probable a permanent camp ground may be established at Providence.

The Abbeville Bible Society. The forty-ninth anniversary of the Abbeville Bible Society was celebrated in the Methodist Courch, in Abbeville, on Wednesday the 31st nit. The annual sermon was by the Rev. James L. Martin, of the Abbeville Presbyterian Church, and the annual address by General Samuel McGowan. Rev. E. R. Miles was elected one of the vice-presidents, in the place of the Rev. W. P. DuBose, who has removed, and Mr. J. F. C. DuPre, librarian, vice Dr. I. Branch, deceased. The board of directors were directed to make arrangements for celebrating the next, being the fiftieth, anniversary, and to select the speakers for the

Rev. E. T. Winkler, D. D.

It has been remarked as a particularly honorable feature of the record in Charleston of vizor and persistence with which he always this distinguished preacher, who has recently left the Cluadel Square Baptist Church to settle in Marion, Als., that during his long pastorate in this city, extending over a period of prise.

twenty years, he never deserted his post during any of the sickly seasons with which the city has been visited during that period. He was eminently a faithful pastor, never shirking his duty to the congregations or the city for which he had acquired such a constant affection, and he paid the penalty of his fidelity on no less than three occasions by being prostrated by yellow fever.

New M. E. Church in Chester. The new edifice of the Methodist Episcopal Church in Chester, the corner-stone of which was laid in the summer of 1871, was completed a few weeks ago, and will be ded! and ad to-morrow by the Rev. E. J. Meynardle, D. D. The church is situated on York street on a lot running through to Sainda street, and is fifty-four feet long by thirty-four feet in width, with a vestibule of twenty by nine feet, surmounted by a belfry, and it will seat three hundred and flity persons. The auditorium is twenty feet high, and the ceiling and walls are neatly blocked off in various cool tints. The total cost of the church was four thousand dollars, all of which has been made up by voluntary contribution, except about four hundred dollars, which the congregation expect soon to raise.

The Citadel Square Baptist Church. The services at this church to-morrow morning will be conducted by the Rev. O. F. Gregory, pastor of the Baptist Church at Mount Pleasant, who will for the present officiate in this church on Sunday mornings, and in his own church on Sunday afternoons and evenings.

The society of this church have not yet decided upon a successor to their late esteemed pastor, the Rev. Dr. Winkler. At the last church meeting, held last Monday evening, Deacons Zimmerman Davis, Wm. Thayer and R. S. Gantt were appointed a committee to issue invitations to different clergymen to preach in the church with a view of making a selection, but no definite arrangements have vet been made.

The Baptist Theological Seminary. It having been decided at the last General Convention of the Southern Baptist Church to remove the Southern Baptist Theological Seminary from Greenville, S. C., and various offers of land, &c., having been made by Atlanta, Chattanooga, Louisville and Nashville to induce the location of the institution in those cities, a committee of seven was appointed by the convention to visit those places and decide between them. Thomas P. Smith, Esq., one of the deacons of the Citadel Square Baptist Church of this city, was the representative of this State in this important duty, and left some days ago to join the committee, which began its investigations at Chattanooga on the 1st Instant. The committee has since visited all the cities named, and a dispatch received by THE NEWS last evening reports that they yesterday decided upon Louisville, Kentucky, as the future location of the seminary, and that there was active competition by all the other places.

A Week of Prayer, The bishops of the Methodist Episcopal Church, South, having appointed a week of prayer, commenci on Sunday, the 11th inst., the same will be observed by suitable services in the several churches of this denomination in this city, in the following order, viz :

News and Gosstp. -Rev. J. T. McBryde, of Alken, has received and accepted a call to Selma, Ala., and ex-

nects to leave for that place next week. -Rev. T. R. Gaines has retired from the editorship of the Working Christian, the Baptist organ in this State, and is succeeded by Captain C. J. McJunken.

-Rev. Lucius Cuthbert, pastor of the Alken Baptist Church, has so far recovered from his recent indisposition as to be able to preach on Sunday mornings.

-Extensive arrangements are in progress for a camp meeting of the Methodists in the Darlington Circuit, at the old Gully Camp ground, some time in October next. -A protracted meeting, which had been

ontinued for three weeks in the Methodist

Church at Orangeburg, and attended by Rev. Messrs, Walker, Seal, Kirkland, McRay and McKinney, was brought to a close last week. -There will be a convention of the differ ent Sunday-schools of Darlington County, embracing Friday, Saturday and Sunday, 23d,

24th and 25th Instant, at Darlington Court-

-A large and enjoyable anniversary piculo was had last Friday at the Beauty Spot Church, Mariboro' Count, by-Bennettsville Division, No. 45, S. of T. A splendid collation, and addresses by Major B. D. Townsend and Major F. E. Warley, both of Darlington, were among the good things of the day.

THE TEA OUESTION .- The excitement of the hour among housekeepers is the welcome reduction in the price of teas of all grades, consequent upon the removal of the customs duties upon that exhilarating herb. Wilson, the indefatigable grocer of King street, who, as every reader of THE NEWS knows, has for years made cheap and good teas a specialty s, as usual, foremost in giving the public the benefit of the greatly reduced price, and in (what is hardly less important) letting everybody know the gratifying fact. 'Quick and large sales, and small profits" is the principle upon which Wilson is constantly increasing an already flourishing business, and the

LOCAL LACONICS.

The steamship Falcon will not sail for Baltimore until to-morrow, at 10 A. M. A scaffolding has been put up in the vestibule of the Charleston Hotel, for the purpose of repairing the ceiling.

Abraham Taylor denies that he had any thing to do with the attempt to steal the ballot box on Thursday evening.

Several small colored children were forcibly overturned yesterday, near the west end of Beaufain street, by a mischievous William

The summer session of the Charleston High School was closed yesterday. There was no formal examination, but the proficiency of the scholars was privately tested by Mr. V. C. Dibble, the principal, and his assistants. The result was in every way gratifying. The next session commences on the 1st of October.

THE MACKEY MEETINGS.

Primary meetings were held in the various wards, last evening, for the election of delegates from the Mackey faction of the Radical party, to the Radical County Convention, which convenes at the Military Hall on Thursday evening next. The meetings were conducted in an orderly and quiet manner. Fortunately for the peace of the city the Bowenites displayed more wisdom than their adversaries, and made no attempt to retaliate for the outrage perpetrated upon them the evening before. The delegates elected are as fol-

A VALUABLE LIST .- We have received from Mr. A. C. Kaufman, broker, Broad street, a copy of "The Merchants' Banking and Legal Directory," which is a handsome and apparently carefully prepared list of banks, bankers, and attorneys in the Western and Northwestern States, for the use of the commercial men and legal profession.

STATE MEDICAL ASSOCIATION .- The proceedings of the South Carolina Medical Association at its last annual session, held in Columbia April 16 and 17, 1872, bave just been published by Messrs. Walker, Evans & Coggswell in neat pamphlet form and make a valuable volume of about one hundred pages. In addition to the regular transactions of the association there are various interesting reports of cases by several of the best physicians of the State, and an exceedingly valuable paper on the yellow fever in Charleston in 1871, included in the annual address of the president of the associatlon, Dr. F. Peyre Porcher.

MANSLAUGHTER .- A difficulty occurred at the Farmfield plantation, near Strawberry Ferry, Cooper River, on Wednesday, the Tuesday, August 13. - Service at Spring street 7th instant, between Sciplo Washington and Jack Drayton, two negroes. The men came to blows, and another negro, Joseph Segar, while attempting to separate them was struck over the head by a large club in the hands of Jack Drayton, from the effects of which he died in a short time. A jury of inquest was impanelled by Trial Justice George Jackson, which rendered a verdict to the effect that Segar had been accidentally killed by Jack Drayton. Drayton was brought to the city yesterday and committed to jail for trial at the next term of the Criminal Court.

> ARRIVAL OF NEW COTTON .- The receipt of two new bales on Thursday last was tollowed yesterday by two others—the first by the South Carolina Rallroad, shipped by Mr. Heyward Brown, from Barnwell County, S. C., weighsigned to Messrs. E. H. Frost & Co., factors, Adger's wharves; the second from Messrs. W. L. Eilis & Brother, Macon, Ga., weighing three hundred and seven pounds, and consigned to Messrs. W. B. Williams & Son, factors, Accommodation wharf. The new bale from Florida, reported the day before, was purchased by Messrs, Porcher & Henry, brokers, Atlantic wharves, at twenty-one cents per pound, and will be shipped by the steamship James Adger to Mr. W. H. Wagner, New York.

> PROFESSOR MAILLEFERT .- A lew days ago a committee of the Chamber of Commerce visited, by invitation, the wrecking vessels of Professor Maillefert, who is engaged in removing the blockade-runners and monitors sunk in Charleston harbor during the war. Professor Malllefert courteously explained the whole manner of proceeding; and the divers made their descents, heavy charges of powder were fired, and huge pleces of wreck were hoisted up for the especial delectation of the visitors. Later in the day, the committee were handsomely entertained by Professor Mailletert, at his residence, on Sullivan's Island. Here the committee were shown a number of curious relics from the wrecks, including a breech-loading rifle and a handsome lamp in which the candles had been prematurely extinguished by the sudden sinking of the vessel. Altogether, thanks to the untiring courtesy and lavish hospitality of Professor Maillefert, it was a delightful day.

Having heard various reports in regard to repairing Singer Spring Machines should they get out of order, and other reports detrimental to the interes; of the Singer Manufacturing Com pany, we take this opportunity to say: Since the office has been under my charge I have neve sent a machine to New York to be repaired, and very much doubt there ever being a Singer Ma chine sent to New York to be repaired since the office was opened in Charleston City, about 1st November, 1870. All repairing on Singer Machine is done at our office in this city. Our Machine is not only simple, but probably less liable to ge out of order than any other.

The fact of the matter is, we have very little repairing to do, so there is no necessity of sanding our machines to New York.

I will also state that I will prosecute all perso who make false statements in reference to the Singer Sewing Machine to the full extent of the J. CLARE BEDELL, Agent Singer Manufacturing Company.

Weekly Review of the Wilmington Naval Stores Market, WILMINGTON, August 8.

Naval Stores Market.

Spirits Turpentine.—Influenced by the upward movement in the New York market, our market has slowly advanced throughout the entire week. On Friday the market opened at 450; Saturday it advanced ic; Monday it was active at Saturday it advanced ic; Monday it was active at Saturday it advanced ic, and to-day (Thursday) closes firm at 45c. The purchases were principally made for export, the speculative moviment being kept down by the advanced prices. The receipts for the week, 4,698 bales, are an increase of about 100 bbls over last week; but the exports were heavy, and the stock is reduced considerably. The exports for the month of July were 5470 casks coastwise and 7,30 casks foreign, against 2306 casks coastwise and 12,619 casks foreign for the same neriod of 1871, and 5904 casks coastwise and 6243 ca-ks foreign for the corresponding month of 1870, showing a decrease, both coa-twise and foreign on 1871, of 2325 casks and an increase over 1870 of 453 casks.

Rosin.—The chief features of the market during the past week have been the lower grades. Othese, however, strained his been the ruling quality, having been free in transactions and adaptive to the coarteness of the market during the past week have been the lower grades. the past week have been the lower grades. Of these, however, strained his been the ruling quality, having been free in transactions and advancing in tendency. On Friday the market opened at an advance of loc over the closing quotations of last week. Hince, the market has been firm at the advance, with buyers purchasing all that could be reached in first hands. No 2 has been in fair demisid, but the limited stock has to home extent restricted its movement. No 1 and pales retained the advance noted in our last up to Tuesday, when the market became easier, and the advance was lost by a similar decline. For the past day or, so, however, the market has exhibited an improved recling, and closes steady, with an advance over last week of about 25c. The receipts for the week were 14 725 bbls against 13,255 bbls for last week—an increase of 1100 bbls. The exports were 16,286 bbls, and the stock in market is in round numers about 30,000 bbls. The exports for the month of July were 53,281 bbls coastwise and 16,157 bbls foreign, against 31,305 bbls. coastwise, and 17,422 bbls foreign for the same month of 1871, and 41,683 bbls coastwise and 2811 bbls foreign for the corresponding month of 1870, making the exports both coastwise and foreign, 09,438 bbls against 46,727 bbls for 1871 and 44,491 bbls for 1870, showing a decided increase byer the two years.

44.49 bbls for 1810, showing a decided indease over the two years.

CRUDE, TURPENTINE—Has passed through another week without experiencing any change of quojations. The market has been kept buoyant by the advance of rosin and spirits turpestine, and we note an increased export and consumptive demand. For the past day or so we have noticed a desire on the part of receivers to advance the market, but, in this their concerted efforts have proven a failure, and to-day the market closes as it opened at \$2.50 for hard, \$3.75 for yiellow dip and \$4.25 for yiello. The receipts for the week were 2896 bbls against 3500 bbls for last week, a failing off cf. 604 bbls. The exports, both coastwisp and foreign for the mount of July, were coastwisp and foreign, for the mouth of July, were 1141 bbls, against 1305 bbls for the same month of 1871, and 893 bbls for the corresponding month of 1870, showing a decrease of 264 bbls over 1871 and an increase of 248 bbls over 1870.

COTTON.—Beyond the receipt of a few bales of the new crop there is very little of interest to note in the market this week. Crop accounts, as published in our country exchanges, say that the worm pervades nearly the whole cotton crop of the Southwest, and in several counties in Middle Georgia are beginning to be developed. This statement dees not agree with the New York Financial and Commercial Chronicle. That journal seems to street but little innort. Georga Gue Pills are Warrunted to Cura instance Moise's in every instance

That Journal seems to attach but little importance to the caterpillar reports, The geuuln caterpillar seldom makes its appearance in south western Georgia, and still less frequently in the midland counties; and when it does, it is generally midiand counties; and when it does, it is generally in September, and comparatively little damage results. But this year it makes its appearance in July, and is formidable in Angust, with wet weather and a tender and luxuriant crop upon which to operate, and we think these facts justify the grave apprehensions expressed by planters.
